Attn: Mr. Stephane Said Khaddaj
Senior Projects Manager

Dear Sirs,

Project: Watani Residential Development - Phase (2)
Subject: 400 Villas Construction at Watani Residential Development – Phase 2
Infrastructure Works

It is with great pleasure that we write this letter to express our thankfulness of the full works carried out by M/s CGC House at Phase (2) of Watani Residential Development of 400 Villas construction including the Infrastructure networks such as the Storm Water, Sewerage, Irrigation, Water Supply and Landscaping Works as completed by your sub-contractor M/s Tetra for the above project.

M/s Tetra Company LLC had accomplished the above works with quality standings and a safety standard that met the specifications and the Client's requirements. They have demonstrated sufficient resources required together with qualified technical and managerial staff to complete the above work.

We have no hesitation in recommending your subcontractor M/s Tetra Emirates General Contracting Company LLC to carry out jobs related to Infrastructure Works such as Storm Water Works, Sewerage Works, Irrigation Works, Water Supply and Landscaping Works.

Yours truly,

Attention: Mr. Anthony Gallacher - Resident Engineer

Dear Sir,

**CONTRACT NO. O-1054
OVERVIEW OF ABU DHABI WASTEWATER WORKS**

PREQUALIFICATION OF SUB CONTRACTOR – M/s Emirates Tetra Est.

This refers to your above referred letter dated 9th November 2011 regarding the prequalification of above mentioned sub contractor. Please note that it is the developer's consultant responsibility to prequalify the ADWEA / ADSSC registered sub-contractors.

However, please note that ADWEA / ADSSC has earlier accepted M/s Emirates Tetra Est. as sub contractor on other projects and therefore has no objection to undertake the subject works. Our acceptance of your recommendation for M/s Emirates Tetra Est as subcontractor is subject to monitoring of performance on technical and safety aspects at site.

This acceptance is based on the expectation that Otak international as developer's consultant has reviewed/evaluated M/s Emirates Tetra in order to confirm satisfaction/achievement of the contract & system requirements and has ensured that it is fit for purpose. Your issuance of approval to the contractor will be taken as confirmation.

Please note that the developer consultant shall get ADSSC NOC regarding the flow discharge to the existing manhole and also the approval for connection works shall be obtained from ADSSC O&M prior to commencement of construction works at site.

مشروع : تطوير المجمع الوطني السكني - المرحلة الثانية

موضوع : مباشرة السادة / شركة تيزرا لأعمال شبكة مياه الأمطار

بالإشارة إلى الموضوع أعلاه و إلى خطابكم رقم (37311661-03ADM(PRFD)-MA-MR-L-0004) بتاريخ (٢٠١١/٥/٣١)ة المحول يرجى التكرم بأخذ العلم بأن شركة (تيزرا) قد قامت بتنفيذ عدة مشاريع و حاليا تقوم بتنفيذ اعمال مدنية كمقاول باطن .

ملاحظاتنا الآتية من خلا اعمال مشروع شارع السلام العقد (C1) و العقد (940/3) :

١. حجم العمل الذي تقوم به الشركة كبير .
٢. يطلب من إدارة المشروع اشتراط الجودة و التنفيذ و الإلتزام بزم من العقد المخطط .
٣. التقيد بالموصفات العامة لبلدية مدينة أبوظبي .

Subject: Civil Engineering Department Field Trip

Dear Mr. Hammouda,

Greetings from ALHOSN University.

ALHOSN University would like to thank you very much for your effort in making the field trip to Watani Development Project a success. We appreciate your cooperation with the Civil Engineering Department in organizing the field trip at the beginning of this month. Field trips contribute to the learning activities of the students by exposing them to field practices of civil engineering. Your staff has put effort in explaining the construction activities at the site and that was useful to the students. The participants in the field trip were impressed by the hospitality and generosity that you have shown towards them during the field trip.

ALHOSN University looks forward to future cooperation with your Company on different activities that are in line with the objectives of both parties. Future field trips, internships for students and employment of ALHOSN graduates are some of the possibilities of cooperation. We also consider any feedback from the industry in our continuous effort to enhance the quality of the civil engineering program and to respond to the requirements of the job market.

Thank you very much for your continued cooperation.

Kind regards,
